RTA KITCHENS AND VANITIES

READY TO ASSEMBLE SOLUTIONS

The modularity and the finishes of IMAB LIVING result from careful analysis to meet the needs of every home, from large classic kitchens to small spaces in modern apartments. Over a hundred modules will allow you to create and customize the kitchen, bathroom and closet of your dreams according to your needs at a highly competitive price. All our products are in stock and ready to be picked up from our network of retailers. In most cases, available on the same day you place the order.

100% MADE IN ITALY

“100% Made in Italy” is the certification that the certifying body has awarded to **IMAB LIVING** products after a series of checks and tests confirming that the entire production cycle of the collection takes place exclusively in Italy. This endorsement signifies the quality and constant research that defines **IMAB LIVING**’s production.

We produce 100% made in Italy modular furniture and cabinets, ensuring the design and characteristics that distinguish Italian craftsmanship at an affordable price. We constantly seek innovative and design elements that can make your rooms unique.

TRADITION AND INNOVATION

We constantly refine the details to ensure maximum technical and stylistic performance of our products through an innovative approach that draws inspiration from Italy’s strong manufacturing tradition.

Quality is our top priority. We are committed to adopting cutting-edge technologies to continuously raise our standards while not neglecting the sustainability of the entire production cycle of our products.

SUSTAINABILITY

RECYCLE TO REGENERATE

We believe in sustainable manufacturing and care about the quality of the products that will be installed in your home. The material of our kitchens originates from wood that has undergone a regenerative and recovery process. This allows us to use recycled raw materials, saving energy and trees.

CLEAN PRODUCTS FOR A HEALTHY HOME

We are partners with raw material suppliers that use 100% recycled composite wood that is CARB 2 Certified with low Formaldehyde (CH₂O) off-gassing, respecting the environment and the health of our consumer's homes and families. IMAB has been TOV certified since 2005. ISO 14001 is a globally recognized standard that helps companies establish procedures to support their environmental performance goals and meet certain obligations to maintain a safe and sustainable product.

A COMMITMENT TO SUSTAINABLE ENERGY

In 2023, we achieved over 70% of self-generated energy thanks to the 67.000 square meters of solar panels installed in our facilities, resulting in a significant reduction of CO₂ emissions in our environment.

FURNITURE PACT

We are among the founding members of the Furniture Pact, a collective initiative of the Italian furniture sector, whose members promote common sustainability goals involving the entire value chain. We have committed to ambitious yet tangible goals to reduce our impact on the environment and people.

WHITE SHAKER

DOOR STYLE SHAKER

White Matte Lacquered, Shaker Style Doors

3/4" (18mm) Thickness

S1

YOUR DREAM KITCHEN AWAITS

Classic inspiration meets the natural elegance
of Shaker doors (In MDF and Wood, finished in white matte lacquer).

**INGENIOUS SPACE-SAVING SOLUTION
SO YOU HAVE EVERYTHING ON HAND**
Boost your kitchen's efficiency and functionality
with this stainless steel spice rack.
Featuring two convenient trays to maximize
storage for all your cooking essentials

**EVERY DETAIL IS THE RESULT OF CAREFUL RESEARCH
INTO STYLE AND INNOVATION**
The interior finish of the modules are constructed in a light grey,
